DISORDERS CONTINUE.

Another Rumored Massacre of Christian Teachers in Turkey.

THE POWERS EXCHANGING VIEWS

With a View to Arriving at a Collective Decision as to the Best Way of Dealing with the Armenian Question—A Defense of Minister Terrell.

CONSTANTINOPLE, Nov. 14.—Every day brings news of fresh massacres. It is quite clear if the powers want additional time in a negotiation, the need for these negotiations will be passed. The latest report that has reached here is that all of the Christian and Armenian teachers between Erzroum and Trebizond have been massacred.

Reforms continue to appease the troubles at Mush, Akn-lur, Khozat and Musch. It is reported that Circassian peasants are being armed by the Kurds and the buildings destroyed by fire in all these towns.

If the rumor should be confirmed that French and American missionaries have been killed by any of the outrages it is believed that the powers will no longer confine themselves to protests. The American fleet, it is asserted here, is only too anxious to commence active operations.

Recent details received from Erzeroum indicate that the massacre there was worse than at first reported. The outrages were evidently organized and planned days beforehand, and the pillage was on a colossal scale. The Armenians who escaped were literally naked.

Lord Salisbury's speech last Saturday at the Lord Mayor's dinner has thrown the sultan and the members of the court into a state of panic. Abdul Hamid entertains the greatest fears of a declaration by the powers establishing their jurisdiction over a portion of the Turkish empire, or the calling of a general European conference. It is generally agreed, however, that the end is not far distant.

The effect of the moratorium on commercial affairs has been anything but beneficial. It was essentially an imperial ordinance suggested to the sultan by interested parties as a measure calculated to calm public excitement, and so insure his majesty's safety. The sultan had never before heard of a moratorium, but the Turkish fancy quickly takes in any idea concerning the non-payment of debts, and the sultan was prompt to realize its soothing effect. The officers of the fleet obtained their wish, and the intermediary pocketed a handsome reward.

Official reports blaming Armenians for the disorders of Diarbekir are groundless, and although the action of the Armenians elsewhere has not always been judicious, the only region in which it can be truly said that the Armenians have risen against the authorities is the Zeitoun and Marash country.

The sultan is conscious of the weakness of the present cabinet, and he is trying to coax some of the members of his former cabinets to return, but they have so far rejected his overtures and refused to set their feet within the doors of the palace.

The Turkish minister of foreign affairs, Tewfik Pasha, replied yesterday to the notes of the diplomatic representatives of Great Britain, Russia and France, assuring them, as he had previously assured the ambassadors of Germany, Austria and Italy, that the Turkish government's statements as to what measures it intends to take for the suppression of the disorders in Asia will be presented to the ambassadors "without delay."

The foreign ambassadors' possess ample evidence that the palace clique at Constantinople issued orders to the effect that the troops and police should only fire upon Armenians, no matter who the aggressors were. Observers of political events at Constantinople have noted that all the imperial princes are now living at Yildiz Kiosk.

A European eye witness present at the Erzeroum barracks confirms the statements made regarding the prearranged nature of the outrages. He asserts that a bugle was sounded before the soldiers commenced their murderous work throughout the city. At first the Turkish troops refrained from injuring women and children, but these bounds were soon passed, and on the 30th of last month the disorders lasted fully six hours. Two hundred and four hundred mutilated corpses have been collected in the Armenian quarter, and the plundering went on at a wholesale rate. On Nov. 3 5,150 houses were burned in the Armenian cemetery.

DEFENDING MINISTER TERRELL.

Always Active in the Protection of American Citizens in Turkey.

WASHINGTON, Nov. 14.—The state department has received a circular prepared for publication by the Rev. H. O. Dwight, who is specially charged with watching over the interests of our missionaries in Turkey. Dr. Dwight says that the general allegation that Mr. Terrell has been careless in protecting American citizens in Turkey rests on no foundation whatever, for Mr. Terrell has freely consulted them in every important crisis and has shown great willingness to give weight to their opinions.

There is not a shadow of doubt, he says, that the maintenance of the Bitlis station during the fiery trials of the past year, the exemption of its members from molestation, and perhaps the saving of their very lives, has been due to the sustained and vigorous action of Mr. Terrell at the sublime porte. And in every case where an Armenian naturalized citizen has been molested Mr. Terrell has interfered sharply and effectively to prevent unlawful punishment.

The Six Powers Conferring.

LONDON, Nov. 14.—A despatch to The Times from Vienna says that on the initiative of Count Goluchowski, the Austrian minister of foreign affairs, a formal exchange of the views of the cabinets of the six powers has commenced, with a view to arriving at a collective decision as to the best way of dealing with the Armenian problem.

TACOMA, Wash., Nov. 14.—While crossing the Columbia river on the transfer boat ex-United States Senator Spooner fell from a car step, and in striking a projecting rod. The injury sustained is not necessarily serious, but Mr. Spooner will be confined to his room for several days.

Christian Endeavor and "Bossism."

BOSTON, Nov. 14.—John C. Wooley, who has a contract with President Francis E. Clarke, of the Christian Endeavor, has written a letter to the society at large in which he declares the societies to be under "boss rule." He declares that the "corporation method" adopted by the society has "boss-ism" in it.

Dawman's Alleged Accomplice on Trial.

WILKESBARRE, Pa., Nov. 14.—George Metzger was placed on trial yesterday, charged with complicity in the murder of an Arabian peddler in this city in September, 1894. W. Penn Bowman, Metzger's companion, is now under sentence of death for the crime. At Bowman's trial he testified that Metzger fired the fatal shot.

The Boston to Go to Asia.

WASHINGTON, Nov. 14.—The cruiser Boston, which has been thoroughly overhauled and repaired at the Mare Island navy yard, will go into commission on the 18th inst. She will be assigned to the Asiatic station for duty in Chinese waters.

INSULTED THE EMPEROR.

A Mob in Vienna Surround the Palace and Are Driven Off.

VIENNA, Nov. 14.—The municipal council re-elected to the office of burgomaster Dr. Lueger, the anti-Semite leader in the reichsrath, whose recent election to office the emperor refused to sanction.

When the result of the voting was announced Dr. Lueger rose to his feet and delivered a speech accepting his election. His language was reasonably moderate at first, but as he proceeded his language became exceedingly violent. "I am the servant of God," he exclaimed, "and not of the fatted calf. The liberty and honor of Austria are at stake."

The government agent, Herr Freibeis, replied that the re-election of Dr. Lueger was in defiance of the imperial will. He then declared the council dissolved, and a tremendous uproar ensued.

The police had previously cleared the square in front of the town hall, but the immense crowd which had gathered remained in the vicinity and cheered frantically the supporters of Dr. Lueger as they were on their way to the town hall.

After the dissolution of the council the crowd divided into large bands and paraded the streets. One band of 300, headed by a member of the municipal council, entered the courtyard of the imperial palace, crying "Vive Lueger!"

They were prevented by the troops from advancing very far, and ultimately the troops succeeded in clearing the court.

It is believed that the government will appoint a temporary municipal administration. A great deal of excitement prevails throughout the city as the result of the government's action.

A mob of about 100 men afterwards proceeded to the Imperial Hofburg, the palace of the emperor, shouting: "Long Live Lueger!" The police stopped the main body of the men engaged in this demonstration, but some of them succeeded in forcing their way into the palace grounds, from which they were eventually ejected.

TRIPLE TRAGEDY IN TEXAS.

A Man Kills His Alleged Wife and Child and Then Commits Suicide.

LAREDO, TEX., Nov. 14.—A double murder and suicide occurred here yesterday. A man registered here Monday with a middle aged woman and an 8-year-old girl as C. Shuler and family, of San Antonio. Tuesday afternoon the man procured a horse and buggy, ostensibly to drive his wife and child to the depot. Two hours later he returned alone. Yesterday morning a Mexican shepherd discovered the bodies of the woman and girl lying in some brush about three miles northeast of the city. The chief of police called at the hotel where Shuler was stopping, and asked him over the transom where his wife and child were. He replied that he would come to the door very shortly, but after some delay a pistol shot was heard. When the door was forced open Shuler was found dead with a bullet in his heart.

Over $1,600 in $100 bills were found upon the man's person, two watches and a charm with "Kuntz" engraved upon it. Underclothing was found marked "Kuntz," and it appears that Kuntz had been a stationary engineer in St. Louis. The woman with him said he was to be superintendent of some railroad works in Monterey. The Fort Worth police were wired and her son, named Mark Harrol, is expected here today. It is supposed the murderer wanted to rid himself of his two companions. The woman said the money they had had been left her by her father.

Four Killed in a Railroad Wreck.

BIRMINGHAM, Ala., Nov. 14.—Further details of the wreck on the Southern railway at America, Ala., on Tuesday discloses the fact that four men were killed and four injured. The collison occurred between a freight train and a work train. The killed were as follows: Tony Cunningham, Moses McGee, Luke Bailey and Steve McDonald, of the work train. P. J. Matthews and Philip Sewell, engineer and fireman on the freight, and Pink Wilburn and Andrew Townsend, of the work train, were more or less injured.

Killed on His First Trip.

SUMMIT, N. J., Nov. 14.—The rear end of a freight train broke loose while the engineer was taking water here, and ran down the hill at East Summit and struck a mail train. Reuben Tyndall, the engineer of the mail train, reversed his engine and jumped down the embankment, and was instantly killed, every bone in his body being broken. The fireman was also badly injured. Tyndall was not the regular engineer of the mail train, and this was his first trip.

Garver, ex-jailer and a prominent politician, has also been arrested and put in jail charged with permitting the prisoners to escape.

ROMANCE IN REAL LIFE.

The Good Fortune That Befell a Poor Gardener's Daughter.

HEIRESS TO FIFTEEN MILLIONS.

The Legacy Comes from an Uncle Who Went from England to Australia and Amassed a Vast Fortune in the Gold Fields.

PHILADELPHIA, Nov. 14.—A remarkable romance in real life has come to light by the recent learned an expected inheritance of a fortune of $15,000,000 by the 25-year-old daughter of a poor gardener, William Kelly who lives at 1838 Latonia street, this city. Elizabeth Kelly, the heiress, and her father confirmed the story. The legacy comes from the estate of a long dead uncle, Peter Kelly who amassed a vast fortune in the Australian gold fields over thirty years ago.

Peter Kelly was living with his parents in Lancashire, England, when the Australian gold craze broke out, and he went to that land to make his fortune. Nothing was heard of him for many years until one day, nearly a quarter of a century ago, his mother received word that he would soon return home a millionaire. He did not come, however, but after some months a deaf mute who had been a passenger with Peter on the vessel bound for England appeared, and told of a violent storm at sea in which a number of passengers, including Peter Kelly, had been drowned.

Inquiry was begun and the son's story of his millions was verified, part of the money being in Australian banks. He had never married, and had no relatives in Australia. The family received the interest on the fortune, which was valued at $15,000,000.

Some time after Peter's death, the story goes, his brother William, who had come to America before Peter's departure for Australia, learned of the existence of a will in which all the estate was bequeathed to his (William's) eldest child, Elizabeth. William's wages were enough for the support of his family, and it is authoritatively asserted that when he first learned of this vast estate he made no effort to secure it for his then infant daughter. Two years ago, however, he engaged an attorney, and it is declared that the enormous legacy will be placed at the disposal of the girl this week.

The heiress is reported as having told her friends that she is going to distribute her wealth as follows: "To her brother she intends to give $1,000,000; to his wife, the same amount; to their children, Willie, 6 years old; Alma, 3, and Walter, the baby, who is in his first year, she will hand over $10,000 each. The heiress' sisters, Florence, who is 8, and May, who is 11, will receive $1,000,000, to be held in trust for them. The father, it is thought, will enjoy the bulk of the wealth with his daughter.

Carelessness Led to His Arrest.

SARATOGA, N. Y., Nov. 14.—Ira E. Frazer, of South Horicon, Warren county, was brought before United States commissioner Charles M. Davidson on the charge of writing and mailing an obscene letter to his wife, Emma Frazer, who was visiting in Washington at the time. In the address the last syllable "ton," was left off the word "Washington" and the letter accordingly went to the dead letter office. It was opened and its contents constituted so gross a violation of the United States laws that detectives and inspectors were at once detailed to apprehend the writer, whom the officials believe is the husband. Frazer was released on bail.

The Carson Mint Trial Begun.

CARSON, Nev., Nov. 14.—James Heney, the mint suspect, for the larceny of $33,000 from the United States mint at this point, is on trial here. General Clarke presented the case of the prosecution to the jury, outlining the workings of the mint and the manner in which Heney could have taken the bullion. Several unimportant witnesses were called, who explained the routine work of the mint. The trial of John T. Johns, another suspect, is set for Thursday, Nov. 21.

Shot by His Brother-in-Law.

PARKERSBURG, W. Va., Nov. 14.—Ben Hall, the jailer's turnkey, was shot four times on the street yesterday by his brother-in-law, W. Scott Kimes. Hall is dying, and Kimes is in jail. The men married sisters. Kimes says Hall has broken up his home and that they had previously quarreled because of Hall's intimacy with Mrs. Kimes.

The prince was born in 1867, and is a lieutenant in the rifle corps.

Drove Off the Authorities.

DETROIT, Nov. 14.—The township authorities this afternoon attempted to demolish a bridge across the Rouge river, southwest of the city, on the ground that it is unsafe. Some 400 employes of mills in the neighborhood were called out and resisted the attempt, closing the draw by force. Employes of the Wyandotte and Detroit Electric railway, whose tracks cross the bridge, are guarding the structure.

Fatally Beaten by Her Husband.

KALAMAZOO, Mich., Nov. 14.—James McGurre's wife, of Wakeshama township, is dying as the result, as alleged, of an assault made by her husband with a chair. An officer has gone to arrest McGurre. According to the report, McGurre attacked his wife with a frying pan, but his 15-year-old son interfered. When the son left the house for a few minutes the attack was resumed.

HOW PHILADELPHIA IS ROBBED.

Damaging Evidence Accumulating Against the Thieving Contractors.

PHILADELPHIA, Nov. 14.—Yesterday's session of the senate investigating committee was devoted to the examination of seven witnesses, corroborating the testimony already given by General Agent Addis, of the Citizens' Municipal association, as to non-compliance with specifications of contracts relative to paving, street cleaning and garbage collection.

Addison F. Bender, employed by the Citizens' association, told of investigations he had made of the number of men required to keep asphalt streets clean. He showed that only about half the required number were kept at work. As to the use of fitted Belgian blocks in paving he never saw any used, and cited several instances where incompetent gangs of Italians were employed, turning out inferior work.

Bernard Bowen, representing the National Paviors' and Rammers' association, corroborated Mr. Bender as to the paving, and informed the committee of the unsatisfactory manner in which complaints made by him to the authorities within the past few months have been treated.

Dennis Mahoney, at present in the stone business, said no fitted blocks were laid in the city, although the contracts called for this kind of paving.

John McNeely testified to having seen garbage collected by the incinerating company's wagons and dumped in Delaware county and the lower part of the city.

The committee then adjourned, and at the request of Lawyer Freedley will not meet again until Nov. 21.

Troops Held in Readiness.

WASHINGTON, Nov. 14.—General Doe, acting secretary of war, requested that a troop of cavalry be held in readiness to go to the scene of the Indian trouble at the Southern Ute agency in Colorado, if necessary. General Miles has directed General Wheaton to comply with the request. General Wheaton was also instructed to confer freely with the agent for the Southern Ute reservation, to send forward any troops deemed necessary and to call upon the war department for more troops if he needed them. He was to assure the Indians that the troops came among them for the purpose of protecting them and to secure the arrest of the persons who murdered the two Utes, regardless of color.

Speaker Crisp's Silver Sentiments.

ATLANTA, Nov. 14.—By special invitation conveyed by joint resolution of both houses ex-Speaker Crisp addressed the Georgia legislature last night on the political issues of the day. Mr. Crisp declared himself unequivocally in favor of the free, unlimited and independent coinage of silver, at a ratio of 16 to 1. His argument was confined to a contradiction of the statements made by the advocates of a gold standard to the effect that free coinage would result in silver monometallism, and that values would be decreased. Mr. Crisp is regarded as a probable successor to Mr. Gordon in the national senate.

A Guilty Wife's Confession.

VANCOUVER, B. C., Nov. 14.—In the trial of John Smith for the murder of Benson Conlin, Mrs. Nora Smith, wife of the accused, testified that improper relations had existed between her and Benson for two years. On the day of the murder Smith came upon them suddenly, and he thereupon murdered Conlin with a mallet. Mrs. Smith helped her husband carry the body to the house, where it was put in Conlin's bed and the bed and a drift also all stained with blood and bore evidences of the crime.

Judge Thurman's Birthday.

COLUMBUS, Nov. 14.—Judge Allen G. Thurman was 82 years old yesterday. On account of his feeble health there was no celebration of the event. Judge Thurman was able to clear boards and steps to be rapidly shaken off the effects of his recent injury. The Thurman club, which has visited the "Old Roman" regularly on his birthday for a number of years sent a floral piece and resolutions regretting that his present infirmities would not permit the members to call to pay their respects in person.

France Indemnifies Strikers.

PARIS, Nov. 14.—Hitherto the ministers have refused the grants made by municipalities to strikers, but M. Bourgeois, the prime minister, has sanctioned a grant of 250,000 francs, made by the municipality of Paris for the Carmaux strikers on the ground that, though the strike is ended, 500 persons have been thrown out of work by the strikers, not being able to secure reemployment in the glass works.

ST. PETERSBURG, Nov. 14.—The sensational rumors lately circulated in reference to the health of the czarina and the reports that an operation might be required are absolutely without foundation. Her health is excellent. The czar left here yesterday to join the czarina at Kronstadt, and he was in perfect spirits.

Wants Protection from a Swordfish.

WASHINGTON, Nov. 14.—A man giving his name as Herman Hillyer, and his home as in Missouri, was taken in charge by the police at the White House yesterday, and his sanity will be inquired into. He said he was being chased by a swordfish, and desired the president's protection.

SIX PEOPLE DROWNED

By the Sinking of an Oyster Boat Off Rockaway Inlet.

THE VESSEL WAS HEAVILY LOADED

The Crew of Five and One of the Owners of the Boat Were on Board When the Accident Happened—A Near-by Tug Could Offer No Assistance.

FAR ROCKAWAY, L. I., Nov. 14.—The steamer James W. Boyle is believed to have been sunk off Coney Island yesterday between the bell buoy at Norton's Point and the entrance to Rockaway inlet. She carried a crew of five and Walter B. Woods, of Inwood, and all of them were drowned. She was owned by James W. Boyle, an oyster dealer in New York city, Walter B. Woods, of Inwood, and Captain Peter McDonald, of Tottenville, S. I. Mr. Woods was one of the most expert oyster planters in the business. He owned extensive beds in the bay here and at other places.

The Boyle left Tottenville, S. I., on Saturday for Bridgeport to take on a load of seed oysters which Mr. Wood had purchased at that port. She loaded down heavily, and proceeded through Hell Gate and through the East river to the bay. She is supposed to have been rounding Norton's Point in a stiff breeze when she was caught by a heavy sea, the additional weight sinking her before any of the crew could escape.

Captain McDonald's son, Peter McDonald, Jr., was captain of the boat, and so far as known was in command when the reported accident occurred. He was 35 years old, and married. John Newbury was the mate, the engineer was named Moran and the cook Carroll. The fifth member of the crew was George Peterson.

According to the story brought here the steamer listed heavily just before she sank. It is reported that the sinking was seen by the North River tug Union, which was unable to render any assistance.

Duke and Duchess on Exhibition.

NEW YORK, Nov. 14.—The Duke and Duchess of Marlborough were among the guests at the horse show last night, and were the observed of all observers. The duke and his bride took seats with Mrs. William K. Vanderbilt, not in a box, but in the first row back of the boxes. William K. Vanderbilt also occupied a box, and with him were Mrs. James Waterbury and Mrs. Oliver Harriman, Jr. The Astors and all the other leaders of society were present, so that there was a wonderful display of dress. Moreover, the attendance of the rank and file of New Yorkers was great on account of the expectation that the duke and his bride would be visible, so that the horses were altogether secondary in point of interest. A thousand men and women, principally the latter, almost fought for a glimpse of the section in which nobility sat.

Sovereign Denounces Alleged "Traitors."

WASHINGTON, Nov. 14.—The chief public interest in the meeting of the Knights of Labor yesterday were the addresses of General Master Workman Sovereign and General Worthy Foreman Michael J. Bishop. Much of Mr. Sovereign's address was devoted to the alleged treachery of those who headed the revolt against the general officers of the order during the past year. He reviewed what he termed "devilish treachery" and their efforts to "disrupt the order."

No Maryland Day at Atlanta.

BALTIMORE, Nov. 14.—In consequence of lack of interest on the part of Baltimore business men, the proposed celebration of Maryland day at the Atlanta exposition on Nov. 21 has been abandoned by the Maryland exposition commissioners. Killed by Falling Walls.

NEWARK, O., Nov. 14.—By the falling of the walls of the new Heisey Glass works, now in process of construction here, yesterday afternoon, Samuel Cooper was buried in the debris and killed. For washing Dishes,

there's nothing like **Pearline.** Why don't you begin the use of it in that way, if you're one of the timid sisters who still think that Pearline "eats the clothes?" Then you can soak things in it for a year or two, and test it in every way, until you become convinced that **Pearline** can't do any harm. But it won't eat your dishes, that's sure. It won't clog up the sink pipes, either, as soap does. And that cloudy effect that you've probably noticed on cut glass and china when it's washed with soap—that won't be there if you wash it with **Pearline.**

Send it Back Peddlers and some unscrupulous grocers will tell you "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled, and if your grocer sends you something in place of Pearline, be honest—*send it back.* 412 JAMES PYLE, New York.

SPONGE GARDENING.

PROFITABLE SEA FARMS ALONG THE FLORIDA COAST.

Interesting Facts Not Generally Known Concerning an Article of Utility—Assistance Rendered the Industry by the Government's Fish Commission.

Ever since the sponge fisheries of the Bahamas and the gulf coast of Florida showed signs of becoming exhausted efforts have been made to cultivate sponges on farms or artificial beds, and more recently science has tried to imitate the genuine article by converting the soft fiber of the cocoanut leaves and shells into sponges of commercial value. Sponge farming is now a successful industry, and hundreds of acres in the gulf of Mexico along the Florida coast are planted with "sponge cuttings" and seeds. The work is not dissimilar in many respects to oyster culture. The young sponges are planted in water along the coast varying from one to five fathoms in depth.

A few years ago the fish commissioners had their attention called to the sponge fisheries off the Florida coast, and after finding that the beds were being rapidly depleted of the best stock, an examination of the fisheries was made to ascertain some way of preserving them. The specimens of sponge taken to Washington in the autumn of the year were found to be reproductive if the proper conditions were supplied. The sponges in the autumn were found to develop masses of protoplasm or spores, which in the spring of the year were liberated. These spores contained the small reproductive particles from which the sponges developed. Some of the sponges experimented with did not reproduce their kind at all, and it was found that in order to cultivate the sponges it was necessary to plant sponges that produced certain cells that contained the ova or egg and others that represented spermatozoa.

A small sponge farm was established at Washington, and then others along the Florida coast as experiments. These proved successful, so that private individuals went into the business. There are many acres of sponge farms near Key West, and others at Anclote, Fla., and near Tampa. These farms were first supplied with their seeds from the fish commissioners, but now they are obtained direct from the sponge fisheries. In the autumn of the year the various kinds of sponges are purchased by the sponge culturist, who generally takes an assortment that is sure to supply him with both the male and female cells.

The beds, or farms, are usually located at some well protected place along the coast and fenced in with natural formations and artificial dams. The sponge seeds are kept in small "pounds" through the winter, where the masses of protoplasm develop and grow. Early in the spring these spores are liberated in the larger body of water, where they soon swim around. The eggs continue to grow rapidly, and in a short time attach themselves to the rocks or coral formation at the bottom of the water.

It is very difficult to get the right location for an ideal sponge bed. An arm of the sea where the salt water flows in freely that has a natural hard bottom is the best. Rocks, stones and other substances can be dropped at the bottom for the sponges to fasten themselves to. The lagoon is then dammed up, so that when the seed is put in fresh it cannot float out to sea again. Some simply throw their sponges in such a lagoon in the fall of the year and let the protoplasm develop there. Under proper cultivation the sponges thus raised are superior to those found in the sea. Only the best varieties are propagated. The "sheeps wool" is the choicest, with a texture fine, soft and strong. These sponges sell for from $1.50 to $3 a pound. The "yellow" sponge is next in quality, and its price is much less than the "sheeps-wool." The "grass" sponge raised is very limited, for its value is too small to pay one for the trouble.

After the sponge farm is once started there is little more to do with it except at harvesting time. The sponges grow slowly and usually three years elapse before any are pulled up. Then only the choicest, full grown ones are gathered. The others are left to produce new seeds and to reach a larger size. The picking of sponges on a farm of this nature is much simpler than to raise them from the deep waters of the gulf. Armed with a long loaded pole a boatman can easily haul up the sponges that he needs and in the course of a day he could gather three times the quantity pulled up by the regular sponge fishermen off the coast. The water is comparatively shallow over the artificial bed, and not disturbed by tides, floating debris or winds. It is also very clear and pellucid, so that one can see the bottom for a long distance down. Occasionally one finds a sponge farm where deep sea sponges are cultivated, and it is necessary then, to have a diver to gather them. Here again the work is made easier. The diver runs no risk from sharks, tides or other inconveniences that daily beset those off the coast.

The value of the sponge farm increases every year despite the annual harvest that is taken therefrom. The new sponges are spreading until every square inch of the bottom and sides of the pond are covered with young and old sponges. If no diseases or enemies get into the bed, the sponges will then yield enormous crops year after year. The annual income from a good sized bed ranges from $1,000 to $10,000, according to its size, location and age.—Philadelphia Times.

Mrs. Smith—I think it dreadful that your divorce laws in America should be so much more lenient than they are in England.

A Cold Weather Joke.

A business man came down to his office on a winter morning when it was bitterly cold.

"Whew! how cold it is!" he said to one of the clerks. "Just shut that safe, if you please."

The clerk obeyed, with a puzzled look. Then, when he could restrain his curiosity no longer, he asked:

"Excuse me, sir, but why did you tell me to shut the safe?"

"Why," replied his employer, with a sly chuckle, "there are a good many drafts in that safe."—Youth's Companion.

Under the skillful treatment I received I speedily grew better, and am now without a trace of my former troubles. I am glad to indorse Munyon's Remedies, for I feel I owe my life to their use."

INTERESTING POLITICAL FIGHT

Precipitated by the Sudden Death of a Maryland State Senator.

WESTMINSTER, Md., Nov. 14.—Senator-elect Pinkney J. Bennett, of Carroll county, died suddenly last night. At the late election Mr. Bennett was selected for a third term as a Democrat. Governor Brown will be called upon to order a special election for Carroll county, and upon the result of that election depends the political complexion of the next senate of Maryland. With Mr. Bennett's vote that body stood fourteen Democrats and twelve Republicans. Should the Republicans elect a successor to Mr. Bennett the senate will be a tie, with Senator Bruce, of Baltimore, acting in harmony with the Republicans upon all reform measures and uniting with them in confirming the Republican governor's nominations.

Should the Democrats win the situation will remain the same as prior to Mr. Bennett's death. The regular Democrats had expected, because of their control of the senate, to prevent many changes proposed in the registration, election, and other laws of the state, as well as to offset many of the Republican governor's nominations. The special election in Carroll county will, therefore, be a very lively affair. The county gave Lowndes, Republican, a majority for governor of 126. Mr. Bennett's majority was but 47.

Alaska's Rich Gold Mining Field.

WASHINGTON, Nov. 14.—Benjamin P. Moore, collector of customs at Sitka, Alaska, has forwarded to the treasury department a report from Deputy Collector McNair, at Circle City, Alaska, which is situated on the Yukon river, about eighty miles above Birch Creek, in which he states that after talking with almost every miner who has come in from the Birch Creek mining district he is of the opinion that the amount of gold dust and nuggets taken out this summer will reach $500,000. The land, he says, flows with whisky, and as many of the claim owners and most of the laborers are aliens, he thinks a company of United States troops should be stationed at Circle City. The town now has 125 dwellings fifteen saloons, three stores an opera house, etc.

A Mania for Arson.

AMSTERDAM, N. Y., Nov. 14.—Edward Wemple, ex-state senator, ex-representative on Fox state comptroller, was arrested at his home in Feltonville on the charge of attempting to set fire to the residence of Hubert H. Fonda in Feltonville on the evening of Sunday, Nov. 10. He is also charged with having set fire to the Wemple foundry, which was burned a month ago and with causing other incendiary fires in Feltonville. Wemple was a candidate for the Democratic nomination for governor in 1894, and again last year, and his arrest has caused a sensation. Heavy drinking seems to have affected his mind, and led to a mania for arson.

Fatal Neglect of Duty.

AKRON, O., Nov. 14.—A wreck occurred on the Cleveland, Lorain and Wheeling railroad at Warwick, fifteen miles south of here, at 3 o'clock in the morning, resulting in the death of two men. The engineer of a freight train, on stopping, whistled for a flagman to be sent out. The conductor, Charles Ernst, and brakeman, John Adams, are supposed to have been asleep in the caboose. They did not attend to the signal. A second section, going at twenty miles an hour, ran into the first. Both Ernst and Adams were killed.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Dunraven Should Apologize.

LONDON, Nov. 14.—The newspapers here continue to harshly criticize Lord Dunraven for his recent statement regarding the America's cup races. The St. James Gazette says: "Lord Dunraven arrived in New York with the preconceived idea that the Defender people were going to play this trick upon him, and, having expected it was going to be done, he found an easy way to convince himself. Let Lord Dunraven return to New York and assist the New York Yacht club committee in its investigation. If he does not prove his charges the accuser owes Mr. Iselin and others a very handsome apology."

Fusion in Alabama.

BIRMINGHAM, Ala., Nov. 14.—The Populists and Republicans decided at a meeting yesterday afternoon to unite in the state campaign. Resolutions declaring for free silver, opposing the national bank system, and advocating "honest election" by force if necessary were adopted. Kolb withdrew his opposition to the fusion. Resolutions were adopted requesting the senate not to seat Senator Morgan and asking congress to investigate Alabama's election methods.

THURSDAY, NOV. 14, 1895.

A shrewd Yankee book agent is getting rich selling bibles to Alabama negroes. He found that they were nearly all ready to buy illustrated bibles and in an inspired moment it occurred to him to have a bible made especially for the colored race. He accordingly had a special edition prepared filled to overflowing with pictures of dusky angels and the books, which cost $1.10 each, find a ready sale at $8.

Many Republicans are boasting that the result of the elections gives them a "sure thing of carrying the next presidential election," and many faint hearted Democrats are of the same opinion. A glance at recent political history will show, however, that "sure things" in politics are not always sure. In 1888 the Republicans elected the President, secured control of the House of Representatives for the first time in eight years and increased their majority in the Senate. To make a "sure thing" doubly sure they sought to entrench themselves in the upper branch of Congress beyond the possibility of dislodgement for many years and admitted as states thinly populated territories which were counted on as "sure things" for the Republicans. After they had everything fixed to their liking they went before the country in 1892 on their McKinley tariff and force bill record and the "sure thing" of four years before was transformed into the greatest Democratic victory in two generations. The Republicans lost everything,—Presidency, House of Representatives and the Senate, the "sure thing" rotten borough states of the far West, contributing their full share to the downfall of the party that created them. It looked in 1892 as if the Democrats had a "sure thing" for years. In two years, however, they had lost the House of Representatives and control of the Senate; States formerly Republican which went Democratic in 1892 are back in the Republican column and with them are all the doubtful states and North Carolina, Maryland, New Jersey and Kentucky, heretofore steadfast in their loyalty to Democracy. Party ties never hung so loosely and the independent voter was never so potent a political factor as now, and so long as the independent voter exists, "sure things" in politics can never be sure.

A MILK TRAIN CREW JAILED.

Lackawanna Employes Charged With Watering Milk in Transit.

Five men, the crew of a milk train on the Lackawanna road, were arrested, yesterday afternoon, on warrants charging them with stealing milk in transit. They are accused o taking milk out of cans and filling them up with water. The milk thus unlawfully obtained they sold on the arrival of the train at Hoboken. Several delears handling Lackawanna milk were fined $50 for selling milk below the legal standard. They claimed that the milk was sold in the condition in which it was received and complained to the railroad company which put a detective on the train as a member of the crew, who quickly secured the evidence which led to yesterday's arrests.

The men are also charged with stealing the New York Condensed Milk Co.'s bottles, which they filled with stolen cream and sold.

PUBLIC VOICE.

Jesse C. Hansee Acquitted on Twenty-Six Pension Indictments—A Victim of Persecution.

EDITORS ARGUS:—It must be gratifying to Jesse C. Hansee, of Ellenville, and to his many friends throughout the country to know that he has again been vindicated by a jury of his peers, without leaving their seats in the jury box.

He has been forced to trial on twenty-six different indictments preferred by the United States Grand Jury on charges of defrauding the government of the United States and pensioners, whom he represented, in all of the said indictments. Two years have been spent in the trial of these indictments and in each case he has been acquitted of the charges preferred against him, and his Honor, Judge Green, in the last case tried before him, went so far as to say that it was time the Government brought the matter to a close as it was certainly a case of persecution.

Mr. Hansee has been to great expense in defending himself against the many unjust claims which have been preferred against him, and it would seem that he should be compensated for the unfounded persecutions to which he has been subjected by men in high authority, who seek notoriety regardless of law and justice and without any regard to the rights, liberties or feelings of others. He was charged by the government with the crime of perjury in connection with these litigations, but the United States Grand Jury failed to indict him for want of evidence, and Mr. Hansee, who is now over seventy years of age, is certainly to be congratulated upon his tenacity in obtaining the present results. JUSTICE

False Testimony Given.

It is said that the testimony given by one witness in the suit of Anna Reall against the city of Newburgh, which was tried Tuesday, was so palpably false that the matter will be brought to the attention of the Grand Jury. The city authorities think it time to put an end to perjury in suits against the city.

MIRACULOUSLY HEALED.

A Middletowner Cured of Rheumatism by the Great Denver Healer.

Middletowners have doubtless read much about the wonderful cures made by a man named Schlatter in Denver, who is alleged to possess a miraculous power of healing.

Only a few days ago we published an item about the healing of a superintendent of one of the Western railraliroads who ran a special train filled with his employes and friends to Denver to give them an opportunity to have their infirmities healed.

Now however we have a case at home in which it is alleged the great healer has restored to health a former resident of this city.

The party referred to is Mr. E. R. Webster, a son of Mr. D. H. Webster, of the firm of Houston, Webster & Co. The gentleman went West, ten years ago, and was then a sufferer from rheumatism. He grew worse after removing to Denver and finally got so bad that he could not put on his coat without assistance.

A few weeks ago Mr. Webster wrote his father that he followed the crowds to the healer's house and after shaking hands with him went away and had not since felt a twinge of pain.

He added that he had gone fishing a week previous and waded in water to his neck, and no serious results had followed.

Mr. Webster's friends in Middletown will earnestly hope that his cure is permanent.

HYMENEAL.

Miller—Staniforth.

A quiet wedding took place, this afternoon at 3 o'clock, at the residence of Mr. C. J. Burhans, 279 North street, when Miss Laura Alice Staniforth and Mr. Charles Wickham Miller were united in marriage.

Only the immediate relatives of the contracting parties were present. The parlors were tastefully decorated with evergreens and potted plants.

The ceremony was with a ring and was performed by Rev. J. W. Norris, the bride's pastor.

The bride was becomingly attired in her traveling gown. They were attended by Miss Carrie W. Stout and Mr. John L. Miller.

After congratulations the company proceeded to the dinning room, where luncheon was served.

Mr. and Mrs. Miller took Erie train 2 for New York, where they will spend a few days with friends.

Mr. Miller is employed as foreman of the packing room at the Middletown straw works and is a member of Eagle Hose Co.

After Dec. 1st, Mr. and Mrs. Miller will be "at home" to their friends at 105 Linden avenue.

Two Weddings, To-night.

Mr. W. W. Clark and Miss Alwida Purvis will be united in marriage, this evening, at 6 o'clock, at the residence of the bride's parents, Mr. and Mrs. S. S. Purvis, on West Main street.

A very happy event will occur at 7 o'clock, this evening, at the residence of Mr. Daniel O. Lamont, No. 11 Myrtle avenue, the occasion being the marriage of his eldest daughter, Miss Inez, to Mr. Richard Watson, of Preston, Wayne Co., Pa. Dr. W. A. INCIDENTS AND HAPPENINGS IN GOSHEN.

Union Thanksgiving Services — The Ladies' Whist Club — Hearing in the Flagler Case Postponed—Other Notes.

From Our Regular Correspondent.

—The usual union Thanksgiving services of the congregations of the Presbyterian and Methodist Churches will be held, this year, in the Presbyterian Church. Rev. S. F. White, pastor of the M. E. Church, will preach.

—Miss Mary Grier will entertain the Ladies' Whist Club, to-morrow afternoon.

—The hearing in the case of Hiram Flagler, held on complaint of Dr. Barnes, of Middletown, executor of the Gurnee estate, and charged with having sold ten tons of hay belonging to the farm, which was to have been held before Justice Coleman, this morning, has been postponed until Monday because of the absence of one of the witnesses.

—Mrs. H. B. Levy and father, Mr. L. Lipfield, of New York city, are visiting at the residences of Mrs. P. Samuels.

—Bowling teams 3 and 4, will meet on the Goshen alleys, Friday night.

—The water was turned into the mains for a short time yesterday afternoon and again to-day. All consumers should guard carefully against waste.

—Mr. W. L. Brice, Assistant Superintendent of the Prudential Insurance Co., has been transferred to Middletown. His successor is Mr. Geo. E. Smith, formerly of Walden.

IN ANCIENT GOSHEN.

The Vocal Society's Reception at Mr. Clark's—The Ladies' Whist Club Reorganized—Gone to New York for the Winter—An Eloquent Preacher Other Local and Personal Items—Our Unpleasantness of Being a Duchess.

From a Special Correspondent.

—Instead of the annual banquet that has been given by the Goshen Vocal Society for the past two years, a reception was held on Monday evening by the members of that organization at the home of Rev. R. B. Clark. During the first of the evening a musical programme was most agreeably rendered by Mr. Karl Kegel, clarinetist, and Mr. Hargan, violinist, with Mrs. Mary Audrus as accompanist. They were assisted by Miss Miller, who, many will remember, was the soprano soloist in Judas Maccabeus last summer. She sang several songs very delightfully and was heartily applauded. After the conclusion of the musical programme, refreshments were served and eloquent reports read by the Librarian, Treasurer and Musical Director. After a piano duet by Mrs. Audrus and Mr. Whiddit the company dispersed, agreeing that this had been one of the pleasantest affairs ever given by the society. Among the guests from out of town was Mr. Pope, Secretary of the Newburgh Church Music Association.

—The Ladies' Whist Club, which held weekly meetings last season, has been reorganized this fall. A meeting was held last Friday afternoon at the residence of Mrs. Oliver Beardsley.

—Hon. Henry Bacon and Mr. Campbell Steward have closed their houses in this village and have removed with their families to New York for the winter.

—Mr. and Mrs. Joseph S. Coates returned from their wedding tour, on Saturday evening.

—The Rev. George Betts preached two remarkably eloquent sermons at S. James's Church, on Sunday. It is possible that he may officiate again next week.

—Mr. Augustus Ireland, who has been ill at the home of his wife at Crystal Run for several weeks, returned to Fultonville, on Tuesday.

—Undoubtedly it is very nice to be a Duchess and, except in house cleaning times, to be mistress of a house containing two hundred rooms. This must be especially convenient when, as seems to be the case with the Duchess of Marlborough's relatives, no two members of the family are on speaking terms. She can have the Vanderbilts and Smiths both visiting her at the same time, if she so pleases, without much danger of their encountering each other. There are probably compensations, however, in being obscure Miss Smith, about to be wedded to plain Mr. Jones, who is also unknown to fame, for, in her case, she is at least spared seeing published deciptions of her underclothing. This is doubtless one of the penalties which, we constantly hear, are attacked to greatness. G. H.

THE FLOWER SHOW AND FAIR.

A Beautiful Array of Flowers—Booths in Which Many Articles are Offered for Sale by Fair Ladies.

The flower show and fair at the First Presbyterian Church opened, last evening, and was well attended considering that it was opening night.

The lecture room in which the fair is being held is a veritable bower of beauty, made so by the abundance of flowers from the Firnhaber greenhousee, artistically arranged by the manager, Mr. Bartholomew.

Most of the flowers are chrysanthemums, twenty-five choice varieties being on exhibition and among them some of the very latest productions. The newest is the Philadelphia, which shades from a sulphur color at the tips of the petals to a white in the centre of the flower.

There are also on exhibition many other rare flowers, including several orchids, pitcher plants, ferns, palms, etc.

A landscape scene on the right of the entrance is a work of art, in that it is a very clever reproduction of nature.

There are a number of booths presided over by fair ladies around the room in which various articles are offered for sale.

The following is a list of the booths and the ladies in charge:

Fancy Booth—Mrs. A. W. Sweezy, chairman—Mrs. Floyd W. Morgans, Mrs. G. A. Swalm, Mrs. W. A. Cogswell, Miss Nettie Beakes, Miss Virginia Thompson, Miss Lizzie Startup, Miss Lizzie Royce.

Candy Booth—Mrs. George Dorrance, chairman—Mrs. Fred N. Boyd, Mrs. O. S. Fellows, Miss Louise Storch, Miss May Rockafellow, Miss Mame Pronk.

Tea and coffee booth—Mrs. C. C. Luckey, chairman, Mrs. H. K. Wilcox, Mrs. Archibald Taylor, Miss Florence Swalm, Mrs. Alton J. Vail, Mrs. F. O. Tompkins, Miss Julia Wickham.

Flower booth—Mrs. Thomas Gordon, chairman, Mrs. J. F. Tuthill, Mrs. B. F. Gordon, Mrs. George B. Adams, Miss Pearl Corwin.

Ice cream and cake tables—Mrs. A. L. Beakes, chairman, Misses Anna Howland, Nelly Shafer, Sadie Grover, Mattie Gordon, Maud J. Morgans, Anna Woodward, Janie Conkling, May Morgans, Lillian Adams, Clarabelle Gardner.

The people who attended the fair, last night, were generous in their patronage, over thirty dollars being taken in at the booths in addition to the sales of flowers.

It may be well to say that all the flowers and plants on exhibition are for sale.

WILLING TO STAY HOME.

Capt. Grier Thanked by the Parents of Runaway Boys.

Simeon Lloar, aged fourteen years of Goshen, and Arthur Vandemark, aged thirteen, of New Milford, in the town of Warwick, were found wandering about the O. and W. yard, in this city, last Friday. They acknowledged having run away from their homes, and a night in the lockup proved sufficient inducement for them to desire to return to their homes at once. Capt. Grier received word from their parents, yesterday, thanking him for their safe return. The letters stated that both boys were evidently cured of their desire to lead a wanderer's life.

Successful operations by surgeons are reported and published to the surgeon's credit, and it is also a benefit to the public to know of his skill. In this way Drs. Jones and Potter and their ability to cure rupture have become familiar to the public. Russell House, Thursdays. 3

Revised, if Not Improved.

At 20, when a man is young, he thinks he knows it all. He likes to wag his motive tongue and exercise his gall. He struts around in noble rage; the world is all his own. He laughs to scorn the world of age and lists to self alone. He wears a window in his eye to see his whiskers grow. He thinks the ladies pine and die because they love him so. At 70, as you may suppose, he's knuckled down to biz. 'Tis not till 90 that he knows how big a chump he is.—Cameron Sun

Peculiar Appreciation.

"I don't understand how you can be away from home so much. You are off traveling two-thirds of the year," said a homely mother, who stays at home, to her married daughter.

"My dear mother, I know why I am away so much. My husband never appreciates me except when I am away from him, and I want him to appreciate me as much as possible."—Texas Siftings.

Pushpen—I did.

Inkleigh—Well, I'm going to write an article on it as I came to write it.

Reconsidered.

"Grabkins doesn't want anything but the earth," said the sarcastic man.

"You're wrong there," replied his cynical friend. "Grabkins used to be that way, but somebody told him that the earth is the smallest of the planets, and he has changed his mind."—Washington Star.

Cocoanuts In Florida.

Quite a number of tropical nuts have recently been introduced into cultivation in this country. Already on the east coast of Florida are growing 250,000 cocoanut trees, 42,000 being in one plantation. It is believed that the first trees of this kind in that state sprouted from nuts brought from Central America and the West Indies by the gulf stream. At Key West and about some of the old forts cocoanuts were planted at an early day, as certain ancient trees now standing bear witness. In 1877 a bark freighted with cocoanuts was caught in a storm off the coast of Florida and beached near Lake Worth. Several thousands of the nuts were saved and planted, the satisfactory growth of the seedlings giving an impetus to cultivation.—New York World.

The Cable Code.

One of the curiosities of the cable code method of sending information is shown in a recent message announcing the loss by fire of a ship at sea. The whole message was conveyed in three words of Scott's cable code: "Smouldered: hurrah; hallelujah!" "Smouldered" stands for "the ship has been destroyed by fire," "hurrah" for "crew saved by boats" and "hallelujah" for "all hands saved—inform wives and sweethearts."—New York Tribune.

It is said that the blind never dream of visible objects, and a mute has been observed when dreaming to carry on a conversation by means of his fingers or in writing.

The Thoughtful Chauncey.

A good story is told on Chauncey Depew. He received a letter from a young married friend in Albany asking for a pass for his mother-in-law, who was coming to make him a visit, and closing with the delicate hint, "Don't forget to have the return coupon attached." Mr. Depew is nothing if not worldly wise and sympathetic, and in sending the pass he wrote, "I have not neglected the return coupon and have inserted it to three days."—Minneapolis Journal

A HARD-WORKING WOMAN

—sooner or later suffers from backache, nervous, worn-out feelings, or a sense of weight in the abdomen, dragging down sensations and dizziness. It will all come to an end with Dr. Pierce's Favorite Prescription for it's woman's special tonic and nervine; it restores her strength, regulates and promotes all the natural functions and makes a new woman of her. Uterine debility, irregularity and inflammation are most often the cause of the extreme nervousness and irritability of some women—the medicine to cure it is the "Prescription" of Dr. Pierce. All the aches, pains and weaknesses of womanhood vanish where it is faithfully employed. Dr. Pierce's Favorite Prescription is therefore just the medicine for young girls just entering womanhood and for women at the critical "change of life."

Mr. HOMER CLARK, of No 208 West 3d Street, Sioux City, Ia., writes: "My wife was troubled with female weakness, and ulcers of the uterus. She had been doctoring with every doctor of any good reputation, and had spent lots of money in hospitals, but to no purpose. She continued to get worse. She was greatly prejudiced against patent medicines, but as a last resort we tried a bottle of Dr. Pierce's Favorite Prescription. We had seen some of your advertisements, and Mr. Cummings, a west-side druggist, advised us to try a bottle. We tried it with the following results: The first bottle did her so much good that we bought another, and have continued until she has been cured."

Mrs. Laura C. Phoenix, Milwaukee, Wis.

"Matron of a Benevolent Home and knowing the good Dr. Miles' Nervine has done me, my wish to help others, overcomes my dislike for the publicity, this letter may give me. In Nov. and Dec., 1893, *The inmates had the "La Grippe,"* and I was one of the first. Resuming duty too soon, with the care of so many sick, I did not regain my health, and in a month *I became so debilitated and nervous* from sleeplessness and the drafts made on my vitality, that it was a question if I could go on. A dear friend advised me to try *Dr. Miles' Restorative Nervine.* I took 2 bottles and am happy to say, I am in better health than ever. I still continue *its occasional use, as a nerve food,* as my work is very trying. A letter addressed to Milwaukee, Wis., will reach me." June 6, 1894. Mrs. LAURA C. PHOENIX.

Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at $1, 6 bottles for $5, or it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

An Odd Wager.

A queer wager is the one popularly believed to have been won by Sir Walter Raleigh from Queen Elizabeth, on the debatable question of how much smoke is contained in a pound of tobacco. A pound of the article was weighed, burned and then weighed in ashes, and the question was held to be satisfactorily settled by determining the weight of the smoke as exactly that of the tobacco before being burned, minus the ashes. The fact of the ashes having received an additional weight by combination with the oxygen of the atmosphere was unthought of by Elizabeth and the knight.

A Fruitful Desert.

The desert of Sahara is not all a desert. In 1892 more than 9,000,000 of sheep wintered in the Algerian Sahara, paying a duty of 1,710,000 francs ($352,000). These sheep were worth 20 francs ($4) apiece, or in all 175,000,000 francs. The Sahara nourishes also 2,000,000 goats and 200,000 camels, paying a duty of 1,000,000 francs. In the oases palms, citrons and apricots abound; there are cultivated also onions, pimentos and various leguminous vegetables. The oases contain 1,500,000 date palms, on which the duty is 500,000 francs. The product of a date tree varies from 8 to 10 francs; those of the desert give about 15,000,000 a year.—New York Tribune.

Does It Pay to Be Sick?

Besides the discomfort and suffering, illness of any sort is expensive. Hundreds of people consult the doctors every day about coughs and colds. This is better than to suffer the disease to run along, but those who use Otto's Cure for the throat and lungs do better still. It costs less and the cure is certain. You can get a trial bottle free of our agents, J. J. Chambers, 27 North St. near Post Office.

"Early in the Winter, I took a severe cold which developed into an obstinate, hacking cough, very painful to endure and troubling me day and night, for nine weeks, in spite of numerous remedies. Ayer's Cherry Pectoral being recommended me, I began to take it, and inside of 24 hours, I was relieved of the tickling in my throat. Before I finished the bottle, my cough was nearly gone. I cannot speak too highly of its excellence."—Mrs. E. Bosch, Eaton, Ohio.

A RUINED LIFE.

The Story of a Lost Pig and a Tramp's Downfall.

At the western hay market the other day several farmers and others were talking about lost articles, and a farmer finally said:

"I never lost anything on the road coming or going except once. About 16 years ago, coming in one night, I lost a dressed hog weighing 200 pounds off my wagon, and though I made a grand hunt for it I never could trace it."

There was an old tramp standing around with hungry look and yearning expression. When the brief story was finished, he stepped forward and said:

"Was it 16 years ago this month you lost that porker?"

"Yes, I think it was."

"Was it a dark, rainy night?"

"Yes."

"You had six dressed hogs on the wagon?"

"Yes, sir."

"And suddenly one of them was missing?"

"Well I didn't miss it until I drove into the hotel barn. Do you know what became of that hog?"

"I do, sir. It is singular how things come about. On that night you passed me. I was penniless and desperate. The thought came to me to steal a hog off your wagon, and it was no sooner conceived than carried out. I sold that pork to a man for $7, and with the money I began a new career, and it has made me what I am. Yes, sir, I owe my present position to you."

"But you—you look hard up!" said the farmer.

"And I am, sir."

"Tramp, ain't you?"

"I am—a dead broke and hungry old tramp, and it's all owing to you."

"I—I don't see how!"

"Well, I do. I took them $7, went to Chicago and patronized a bucket shop and was cleaned out in an hour, and from that time I have had no ambition. Yes, 16 years ago—dark, rainy night—six dressed hogs—farmer on a wagon—it all comes back to me as plain as day. I am not blaming you, but yet you did me a great wrong, and you will probably be willing to right it as far as you can. I think you ought to give me a dollar."

"But where's my dressed hog?" shouted the farmer.

"And where are my hopes and ambitions? I'll say a dollar, but that's letting you off very cheap."

"Not a blamed cent! You stole my pork!"

"And you ruined a young man's life!"

"You pork thief!"

"You wrecker of human life!"

And then a policeman had to separate them and tell the old tramp to move on. He moved, but he went grudgingly, and when he was 50 feet away he turned and gestured and cried out:

"No home—no hopes—no money! May heaven forgive you for bringing that pork into Detroit, but I never can!"—Detroit Free Press.

Cornelius Vanderbilt as Coachman.

Mrs. Emily T. V. Sloane, mother of the young lady whose wedding brought the plutocrats of the country together the other day, is very charitably inclined. She determined some time last week to send a package of clothes to the poor fund of Dr. John Hall's Fifth avenue Presbyterian parish. Accordingly she had the garments done up in a nice bundle and was arranging the finalities of the transaction with one of her servants when her brother, Cornelius Vanderbilt, arrived at the house and sent word that he must see her at once.

"Can't you wait a moment?" she asked. "I am anxious to send this bundle down to Dr. Hall's church."

"Oh," replied Cornelius Vanderbilt, "I am going right by the church on my way down. Give me your bundle, and I will let the sexton have it."

Mrs. Sloane was very grateful for this kind offer, and it is in every way characteristic of the man of millions, who is never so happy as when an opportunity to be useful presents itself. So down Fifth avenue walked brother Cornelius, bundle in arm, and when he reached the church he found the sexton there. The latter received the object thankfully, with many words of appreciation of the kindness of the great lady who had remembered the needs of the church.

Not many days after this Mrs. Sloane herself, on coming out of church amid a fashionable concourse, happened to espy the sexton.

"John," said she, "did you get that bundle I sent you the other day?"

"Yes'm," was the cheerful reply; "your coachman brought it Tuesday, mum."—Exchange.

Ballade of Forgotten Lives.

Some roses are not of sweethearts dead,
Some sing of days that have far away,
Some sing of those that others wed
And some of loves that are to be.
I sing a roseate roundelay
To sweethearts of a summer day,
The passion's value and the play,
The little loves that I've forgot.

For, as the springs years have sped
And soft brown locks have changed to gray,
How out the flame of love was fed
By games of strife from Maid or May,
Which was yea and Nay or what play,
Mere fancies of a mood of which no what?
But still my debt I never can pay—
The little loves that I've forgot.

Oh, joyous hours forever fled!
Oh, sadly hopes that would not stay!
Held only by the slender thread
Of memory that's all astray.
Their very names I cannot say.
Time's will is done—I know them not;
But all songs on them all I pray—
The little loves that I've forgot.

ENVOY.

Sweetheart, why foolish fears betray?
Ours is the love that Lovers' blot.
Note well the burden of my lay—
The little loves that I've forgot.

COURT PROCEEDINGS.

No Damages for a Smashed Bicycle—A Personal Damage Suit Against Port Jervis Dismissed

Supreme Court Judge-elect William D. Dickey occupied a seat upon the bench, yesterday morning, as the guest of Judge Brown.

An inquest in the case of Charles R. Shons vs. Hiram T. Stage resulted in entering judgment for $486 69.

The first case tried was that of Frank C. Bond vs. Geo. F. Wollmer. Both parties reside in Port Jervis, Plaintiff sued for $96, alleging that defendant's wagon ran into his tandem bicycle damaging it $35 worth and making it necessary for him to pay out $2 a day for rent of another wheel while the damaged one was being repaired. Defendent claimed that the bicycle ran into his wagon, which was standing still. Verdict no cause of action.

George A. Morris vs. Cranston-West Point Hotel Co. Action to recover $55.28 for tableware loaned the hotel in September, 1894 Defendant alleged an overcharge of $10. Verdict for plaintiff for $60.

Frederick Wehinger vs. the village of Port Jervis, Wilton Bennett for plaintiff, H. B Fullerton for defendant. Mr. Fullerton objected to an uncle of the plaintiff serving upon the jury, and the juror was released. It was an action to recover $10,000 damages for injury sustained by the plaintiff in falling upon an icy sidewalk in the village on or about the third of December, 1894, in which his back was injured. The case was dismissed.

THE COMMON COUNCIL.

A Special Meeting Held Last Night—A Sanitary Sewer Ordered

A special meeting of the Common Council was held, last evening, for the purpose of taking action on the application made at the last meeting for a sanitary sewer on Harrison street. There were present, President Dorrance and Aldermen Close, Abrams, Funnell, Hirst, Reed and Sinsabaugh.

Mr. Reed offered a resolution ordering the construction of a sanitary sewer on Harrison street, according to the plans and specifications of the engineer and authorizing the Sewer Committee to have the work done at once.

Mr. M. J. Edwards, chairman of Excelsior's committee on the new truck, reported that the truck was satisfactory to the committee and the company, except that there was a broken bolt, a nut had been lost from the gong, the blocks on the front springs were split and the eight charges of acid included in the sale had not been received, as the railroad company refused to carry it. He said the extra weight of 230 pounds was not objectionable to the company.

No action in regard to the truck was taken by the Council.

PRICES FOR COWS ADVANCING

Delaware County Farmers Getting Over Their Short Hay Crop Panic.

From the Oneonta Herald

Cows are no longer selling for a song in Delaware county, and farmers are coming somewhat tardily to realize that the stock they have been so eager to dispose of lately will all be needed if they are to continue dairying another year. Two weeks ago car-load after car-load was shipped from Oneonta, Delhi, Walton and Stamford, the average price paid for choice grade or thoroughbred Jerseys being $16 per head. A week later the price had risen to $17 or $18, and now $20 will be needed to buy a fairly good animal. The county is said to be overrun with buyers, anxious for good cows to be shipped to Iowa, Illinois, and the far west

At a recent auction in Hobart cows sold at an average price of $33 the highest price obtained being $40.

A Very Great Success

Some of the New York papers devote considerable space to descriptions of the harness which is being given this week, at Plainfield, N. J., under the direction of Miss Lita A Stewart, of this city. All agree that the harness is in every respect a pronounced success.

Still Confined to the House,

Mr. Frank Davis, the painter, who was injured about a month ago by falling from a scaffold while working in Mr. Wm. Higham's Palace Hotel, is still confined to his home. Several of the small bones of his right foot were broken in the fall.

A Romance of Coon Hollow

The fireplace scene, which closes the first act of the new play, "A Romance of Coon Hollow," is one of the most superb dramatic climaxes on the stage, and always receives several curtain calls. There are thirty people in the tableau at the finish of the scene At the Casino, to-morrow night

The Common People.

As Abraham Lincoln called them, do not care to argue about their ailments. What they want is a medicine that will cure them. The simple, honest statement. "I know that Hood's Sarsaparilla cured me," is the best argument in favor of this medicine and this is what many thousands voluntarily say.

HOOD'S PILLS are the best after-dinner pills, assist digestion, cure headache. 25 cents.

EASY WAY OF DYEING.

OLD SUITS AND GOWNS READILY MADE TO LOOK LIKE NEW

A Western Woman Made a New Suit for Ten Cents by Using Diamond Dyes—Original and Reliable Package Dyes that Have Never Been Equalled.

Annie Davis Tuller in a letter written the 8th of last month, said: "I have had great success in my first attempt with Diamond Dyes. My husband had a suit of summer clothes whose color did not please him, but he did not feel able to buy a new suit. We used a package of Navy Blue Diamond Dyes, following the directions, and the suit was soon transformed to a sedate, genteel color, making it as good as new."

For years Diamond Dyes have been the standard in thousands of homes where their ease in use and reliability have made many an old gown or suit look like new.

There are a dozen special fast cotton colors of Diamond Dyes, which are guaranteed to give colors that are true to name and absolutely unfading, even when exposed to sunlight or washed in strong soap-suds. Do not risk your goods with adulterated substitutes that are sometimes offered.

Diamond Dyes are sold by all druggists. Colored samples of cloth and book giving full directions for their use, sent free by mail.

A GREAT DAY'S SHOOTING.

What "Jakie" Totten's Gun Brought Down in One Day's Shooting in Sullivan County.

Passers by "Cap" Totten's restaurant (of course there is but one "Cap" Totten in Middletown; he does business on James street,—and, to carry this parenthesis still further, there is but one "Cap" Totten anywhere,) could not have missed seeing, last evening, the unusual display of game in his show window.

The display was made up of eighteen partridges and thirteen rabbits. Of course, in point of numbers there was nothing extraordinary in the assemblage, but added interest to it would have been lent had it been known that "Jakie," "Cap's" son, had brought them down in one day's shooting up in Sullivan.

Charged With Arson

Charles Totten, of Delhi, has been arrested and held in $1,000 bail on a charge of attempting to burn the Arbuckle mill in that village. His arrest was due to an improbable story that he told the board of village trustees to the effect that he had been offered $50 to set fire to the mill.

Erring Parson Stinson to Be Tried.

A special meeting of the Presbytery of Otsego was held in Delhi, last week, and charges and specifications of adultery and lying preferred against Rev. J. C. Stinson formerly pastor of the Dorr vill Church, who went wrong in Boston, last spring, while attending the C E Convention.

CANVASSING THE VOTE.

Many Discrepancies Found in the Returns and Many of Them Sent Back for Correction.

The carelessness, or incompetence of the inspectors of election has made the lot of the Board of Canvassers, a peculiarly unhappy one. The objections of counsel, who have appeared in the interests of candidates, has not added anything to the charm of their position.

Chairman Patterson called the Board to order, this morning, at 10 o'clock, and the committees were at once set to work. Every few moments there would appear before the Board one of the committees complaining of the incorrectness of the returns, but few of which seemed to agree with the ones on file with the County Clerk, and others showing different results in the certificates from that shown by the ballots attached to the inspectors' certificate.

Two motions were made to remedy this matter and facilitate the work of canvassing, but the fog began to clear when Mr. Adams moved that they canvass the face of the returns, irrespective of the ballots attached unless it was demonstrated that there was a clerical error in the statement

This simplified matters considerably and from that time on the work of the canvassers was more rapid.

The afternoon was spent by the committees in canvass work. Occasionally they would send in a bunch of returns marked O. K. and they would then be canvassed. A number of the returns were handed to the supervisors to return to the inspectors for correction.

At 4 o'clock the Board adjourned until Thursday at 10.30 a. m.

Another Injunction in the Norwich Church Case

The anti Cass faction in the Norwich Baptist Church served an injunction on the Cassites, Tuesday, which seems to tie them up most effectually. They are forbidden individually and collectively, or through their agents, from instituting any legal proceedings against the anti-Cass trustees They are also forbidden to hold meetings in the church and from acting as members of the Baptist Church and Society of Norwich.

Fire in Washingtonville,

When the store of Wm. T. Howell, in Washingtonville, was opened, yesterday morning, it was filled with smoke, which came from a fire in one counters. The counters was nearly burned up and many goods were damaged by the smoke. The fire is supposed to have originated in some sawdust in a spittoon where a match had been thrown.
